Unleash your Administrators,
Faculty and Staff Potential!

ACADEMIC YEAR 2023-2024

REQUEST YOUR WEBINAR TODAY!

The Center for Learning Innovations and Customized Knowledge Solutions (CLICKS) is dedicated to providing flexible, sector-specific and comprehensive professional development programs for higher education institutions. In addition to our "in-person" workshops, we understand the importance of offering online options to meet the diverse needs of senior administrators, faculty and staff. That is why we have curated a range of structured online courses (comprising a blend of synchronous and asynchronous self-paced learning components) and interactive webinars, catering to the demands for shorter and more flexible development opportunities.

Our webinars, offer in-depth exploration of various topics and are designed to be dynamic and engaging, allowing for real-time interaction and knowledge sharing. To facilitate effective discussions and interactions, we limit the number of participants in each webinar.

Our webinars cover a wide range of topics aligned with our six core areas of expertise. We also understand that each institution may have unique requirements, and as such, we are fully capable of designing new webinar or tailoring webinars to address specific needs of universities and colleges.

SOME OF OUR MOST POPULAR WEBINARS

HOW TO REQUEST YOUR WEBINAR?

1

Send us your request at inquiries@cli-cks.com detailing

- The Webinar(s) you are considering
- The number of participants
- 3 Tentative dates along with proposed timings

2

One of our team members will get in touch to either obtain further details or provide cost estimate prior to an agreement being issued

3

Agreement will be sent to your institution for signature and issuance of the payment. This is what formalizes the engagement and initiates the preparation for the webinar

4

The webinar will be delivered and e-Certificates will be issued to participants attending all the session(s)
