Center for Learning Innovation &
Customized Knowledge Solutions

PORTFOLIO OF **'IN-HOUSE'** PROGRAMS

YOUR PARTNER FOR
INNOVATION AND EXCELLENCE

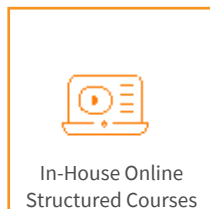

REQUEST YOUR CUSTOMIZED TRAINING PROGRAM TODAY !

The Center for Learning Innovations and Customized Knowledge Solutions (CLICKS) has throughout the years developed a robust and diversified range of professional development programs, which can be tailored and customized to meet the specific needs of Higher Education Institutions across the region and beyond. These programs range from half day webinars and 2 to 3 day workshops to longer of 3-6 months certificate programs.

These programs are in line with the Center's six areas of expertise.

THE CENTER'S EXPERTS ARE ABLE TO TRAVEL FOR FACE TO FACE TRAINING PROGRAMS AS REQUIRED AND ARE ALSO EQUIPPED TO OFFER ENGAGING ONLINE EXPERIENCES.

SOME OF OUR SHORT PROGRAMS (Delivered as face to face workshops or online courses)

Short programs are designed to typically cover 14 to 32 actual learning hours. Some of these programs may be offered jointly between CLICKS and one of its international partners. In such cases, certificates of attendance/completion are jointly issued.

Many of CLICKS's programs are currently offered in both an online and face to face version.

HOW TO REQUEST AN 'IN-HOUSE' PROGRAM?

STEP 1

Request an 'in-house' program by filling our Online Requirements Analysis Form available through our website at www.cli-cks.com. The purpose of submitting the form is to assist our team in getting a good understanding of the institution's needs, the target audience, and the overall objectives intended from running the program. The form shall be filled by a person who possesses the necessary knowledge about the institution, the area of work the program will be tackling, and participants for whom the program is to be delivered.

STEP 2

Once the form is received, our team will analyze your requirements and respond with a formal proposal (within 2-3 working days). Occasionally, the Center may contact the institution for further information or clarifications. The submitted proposal will include technical, logistical, and financial aspects.

STEP 3

Upon approval of the proposal by the institution, the necessary steps will commence to plan the delivery of the program(s) as per dates mutually agreed upon.

STEP 4

CLICKS will develop the materials, deliver the program, and organize all necessary logistics to run the program whether online or face to face.

STEP 5

CLICKS will produce a post-training report that will be sent to the institution (this excludes webinars).
