# PORTFOLIO OF IN-HOUSE PROGRAMS

YOUR PARTNER FOR  
INNOVATION AND EXCELLENCE  
**Since 2012**

## REQUEST YOUR CUSTOMIZED TRAINING PROGRAMS TODAY !

The Center for Learning Innovations and Customized Knowledge Solutions (CLICKS) has throughout the years developed a robust and diversified range of professional development programs, which can be tailored and customized to meet the specific needs of Higher Education Institutions across the region and beyond. These programs range from half day webinars and 2 to 3 day workshops to longer of 3-6 months certificate programs.

All programs are in line with the Center's six areas of expertise.

**THE CENTER'S EXPERTS ARE ABLE TO TRAVEL FOR FACE TO FACE TRAINING PROGRAMS AS REQUIRED AND ARE ALSO EQUIPPED TO OFFER ENGAGING ONLINE EXPERIENCES.**

## SOME OF OUR SHORT PROGRAMS

(Delivered face to face or online)

Short programs are designed to typically cover 6 to 32 actual learning hours. Some of these programs may be offered jointly between CLICKS and one of its international partners. In such cases, certificates of attendance/completion are jointly issued.

## WHY CHOOSE CLICKS?

12+ years of experience working with more than 220 Higher Education Institutions.

All our programs and services are industry-specific, and designed to focus on latest global trends and developments pertinent to the Higher Education sector while considering the local context and specific institutional needs.

Flexibility by offering our Consultancy services both face to face and online.

Aligned with highly qualified experts, international associates, and international partners that bring long-standing experience.

## SOME OF OUR CERTIFICATE PROGRAMS

Certificate programs are typically 3 to 6 months in duration and are offered in blended learning mode and frequently with International partners. These programs are tailored to meet the specific needs of Universities and Colleges in terms of coverage, scope, duration, and mode of delivery.

## HOW TO REQUEST AN 'IN-HOUSE' PROGRAM?

### STEP - 1

Request an 'in-house' program by filling our Online Requirements Analysis Form available through our website at [www.cli-cks.com](http://www.cli-cks.com). The purpose of submitting the form is to assist our team in getting a good understanding of the institution's needs, the target audience, and the overall objectives intended from running the program. The form shall be filled by a person who possesses the necessary knowledge about the institution, the area of work the program will be tackling, and participants for whom the program is to be delivered.

### STEP - 2

Once the form is received, our team will analyze your requirements and respond with a formal proposal (within 2-3 working days). Occasionally, the Center may contact the institution for further information or clarifications. The submitted proposal will include technical, logistical, and financial aspects.

### STEP - 3

Upon approval of the proposal by the institution, the necessary steps will commence to plan the delivery of the program(s) as per dates mutually agreed upon.

### STEP - 4

CLICKS will develop the materials, deliver the program, and organize all necessary logistics to run the program whether online or face to face.

### STEP - 5

CLICKS will produce a post- training report that will be sent to the institution (this excludes webinars).
